

Chromebook keyboard shortcuts

Here is a selection of our favourite keyboard shortcuts.

CTRL + SHIFT + L	Lock the Chromebook - you should get into the habit of locking your screen when you are not using it.
CTRL + SHIFT + Q	Log out of your Chromebook - press this shortcut twice to Quit.
ALT + 1-8	Start any app on the Chromebook's "shelf" at the bottom of the screen - with application "1" the first one on the left side.
ALT + SEARCH	Toggle the Caps Lock. SEARCH has a ? on the key.
SHIFT + ESC	Launch the Google Chrome OS Task Manager.
CTRL + SWITCHER (F5)	Take a screenshot. SWITCHER has a square with vertical lines on the side. Screenshots are saved in Downloads.
ALT + E	Opens the options menu.
CTRL + +	Zoom in.
CTRL + -	Zoom out.
CTRL + 0	Reset the screen back to 100%.
